Are you looking for fresh, locally grown produce and goods right here in Runnemede? Come up to the Runnemede Fire Company's weekly farmers market. Each Sunday, farms and vendors throughout the region will setup produce stands and sell other fresh food products right in the center of town adjacent to the Fire House on East 2nd Avenue.

Your support of the Runnemede Fire Company Farmers Market will help meet the financial needs required to continue providing lifesaving services to the Borough of Runnemede and neighboring communities.

Throughout the season, there will be community events from expert horticulturalists, nutritionists, sustainability groups, and local community organizations.

Each week, come out to get freebies for children and adults.
